

CAREER OBJECTIVE

Motivated 2nd-year CS diploma student with a proven track record of developing 4 live AI applications and winning 1st place in a Startup Idea Competition. Certified in Generative AI by Google & Anthropic, I am eager to secure an internship to leverage my skills in creating innovative solutions.

EDUCATION

**Diploma, Computer Science & Engineering** 2024 - 2027  
Government Polytechnic Awasari Kh

PROJECTS

[The Future You — AI Communication Coaching Platform](#)

Nov 2025 - Mar 2026  
Developed a gamified AI coach that transforms daily 5-10 minute video reflections into actionable insights. Enhanced communication, confidence, and emotional intelligence through personalized feedback.

[Getreel — Instagram Reel AI Decoder](#)

Mar 2026  
Paste any Instagram Reel URL. We reverse-engineer the creator's "follow & comment" trick and give you the complete step-by-step roadmap — instantly.

[Persona — AI Historical Personality Chatbot](#)

Sep 2025 - Jan 2026  
Created an interactive web application for users to converse with legendary Indian historical personalities. Utilized modern technology and AI-driven character simulation for realistic interactions.

[Nirmeeti — All-in-One Generator](#)

Jun 2025 - Dec 2025  
Developed an all-in-one generator suite for developers, designers, and creators. Ensured privacy-first features and offline functionality with a user-friendly design.
